**Advanced Placement (AP) Examinations:**

Chaffey College grants credit for College Board Advanced Placement (AP) tests on which a student scores 3 or higher. Whereas all such AP scores will be recognized for unit credit, the interpretation of comparable course work must be evaluated by Chaffey College. Four-year colleges and universities will evaluate AP scores independently and may not reflect the policies of Chaffey College.

Chaffey College faculty members have determined AP scores may be accepted in lieu of the following courses:
